To

The Hon'ble Prime Minister,
Sri. C. Rajagopalachari,
Govt. of Madras

Honoured Sir,

of J. Beemasena Rao Tahsildar Hospet
Petitioner. Edigara Balappa Registered contractor
Mariammanahalli Hospet Tq. Bellary Dt.

I wish to bring the following for your kind consideration
and early favourable orders.

I was a Tody vendor and it was my ancestral profession.
After the introduction of prohibition in our area the Government
was pleased to enlist me as a recognised contractor under Minor
Irrigation Department and all the contracts in our area have been
entrusted to me since then.

But our Tahsildar Mr. Bheemasena Rao J of Hospet Taluk
entrusted the work to one Mr. Allipureada Hanumanthappa without call
for tenders by making underhand dealings. Then representation was
made.

Accordingly when additional work was started of the same
well tenders were called for. In obedience to the tender I remitt
Rs 200/- on 14-7-52 and contested the tender on the last date of
the tender. After the expiry of the time fixed I approached the
Tahsildar to open the tender but on some pretext or the other he
went on postponing till 27-7-52. After wards he enquires me how
will it work out profitable to you if you quote at Rs 25% less.
I replied him that I have no other work on hand and the work is in
my own native place, I would like to take it atleast to engage
my labourers. I appealed him to entrust the work only to me as I
was un employed. The Tahsildar Mr. Bheemasena Rao said that others
are paying in thousands and if I can pay like that the work can

be entrusted to me. Then there were four people sitting with the Tahsildar whom you can enquire. Like that he openly takes bribe and gives trouble for the innocent people..

Hence I request you earnestly to hold an enquiry and find out the truth of ~~of~~ my statement, and teach a befitting lesson to a public servant like our Tahsildar ^{also} Ehemmarao.

Thanking you.

Mariammanahalli.

Yours faithfully.

D.

MARIAMMANAHALLI,

Dated.

1952.

From

Edilappa,

Registered Contractor,

Mariammanahalli, Hospet Taluk.

To

Collector of

BELLARY.

Sir,

to bring the following facts for your kind consideration.

registered contractor for M.I. and R.W.S. works in the Department.

to my taking to contract works I have been an abkary contractor. After the introduction of Prohibition I had to give up my old job and turn to other sources of livelihood.

Manahalli Village, Hospet Taluk there is one R.W. works for digging of a draw well. The sanctioned estimate for work is

Tahsildar of Hospet called for tenders for the Execution of the 4-7-52. I was also given tender notice. I deposited Rs. 200/- and submitted my tender. My competitor for the work is one Allipurathappa. He is a permanent resident of Allipuram (Allipuram five miles from Bellary). But I am a permanent resident of Manahalli village and local contractor.

25% below the sanctioned estimate whereas the said He quoted 15% only. Still the Tahsildar accepted tender of Allipurathappa and rejected mine. When I pointed this to the Tahsildar he gave me endorsement. No R.O.C. 2450/52.

which he communicated to me that Hanumanthappa was preferred on administrative grounds in spite of his rate being higher than mine. The action of the Tahsildar was grossly unjust.

Thereupon I submitted an urgent application to the Collector on 14-8-52 for stay of execution of the well work but I do not know what has happened to this petition.

This very same well work was taken for execution by Hanumanthappa in 50-51. The proposed diameter for the well was 10 feet throughout. But the excavation was of a diameter of about 5' 1" the lowest level and was gradually and progressively widened to 10' when the excavation reached the ground level. This was not according to the original estimate sanction. Somehow the work got approved and payment received. If inspection of the well is the truth of the allegation will be known.

I have also learnt several other facts about the work taken by the said Hanumanthappa and I instance a few here for consideration of the collector.

Some well works entrusted to Hanumanthappa collapsed one year of construction. I may refer to a draw well in Meen village in Bellary Taluk. The reconstruction of this was sanctioned again.

In Morigeri village, Hadagalli Taluk the construction of a new draw well at a sanctioned estimate of Rs.10,000/-, has, I have been given to Hanumanthappa without calling for tenders.

One chellagurki well work in Bellary taluk at an estimated cost of Rs.13,000/- was also given to him without calling for tenders.

The following further sanctioned works have also been entrusted to him.

(1) Haragundona Village: Conversion of a step well into a well originally sanctioned Rs.16,000/- now revised to Rs.33,000/-

(2) Mariammanahalli Tanda in Hospet Taluk. Deepening of existing draw well at the sanctioned estimate of 8,000/-.

(3) Gunda Tanda Pavi (Well). Sanction for over Rs. 2,000/-.

The above are only a few. He has been entrusted with many of major works in Bellary District. He has taken works in ~~Kudligi~~ Kudligi, Adoni and Hadagalli Taluks. The labour Department work Rayadrug, Harpanahalli, Hospet taluks are also taken by him.

The said Hanumanthappa I learn, has no supervisors, Master are work men under him. All big contracts are taken by him and are sublet. The result is the works are not completed in time be satisfactory, the constructions collapse and reconstruction has to be done. There is immense loss of Government funds.

I submit that this Hanumanthappa has become an influential and favoured person in the Department. He is capable and getting all major works in the District in his name. Other contractors have to suffer ~~or~~ consequently. This inequitable distribution and concentration of major works far and wide in the District, in the hands of one individual leads to deterioration of quality in the works and lost government moneys when the contractor is unable to cope up with the works.

I request that the Collector may be pleased to inspect the Mariammanahalli well to be satisfied regarding the truth of the measurements, that is whether the diameter is 10' throughout. to enquire how the Tahsildar of Hospet entrusted the new work when the rate by Hanumanthappa only 15% whereas my rate is 25%, to call for records of the subordinate officers and pending disposal of the petition to order immediate stay of execution of the well work at Mariammanahalli and thus render justice to me.

Yours Faithfully,

W. V. S.

(with petition on pp. 1-6 c.f. in original
to be returned with the reply).

Copy to the Board of Revenue (LR) (with copy of
petition on pp. 1-5 c.f.)

Collected by [unclear], [unclear]
Dated 6-1-1952.

1: Dear Chettur,

Public Services - Bhima Rao (Sri.S) Ex.acting Tahsildar, Hospet, District - allegations against - Enquiry Report submitted.

1. Government's D.O. No. 72566.G/52-1 dated 9th October, 1952 and a reminder thereon dated 12th November, 1952.
2. My D.O. No. 14001/52 A4 dated 19-11-52.

The following are the allegations levelled against Sri S. Bhima Rao, ex.acting Tahsildar, Hospet in petition No. I received with your letter cited above; -

(i) that the Tahsildar, Hospet entrusted the well work at Mariammanahalli village in Hospet taluk to one Allipuram Hanumanthappa without calling for tenders.

(ii) that when the additional work was started in respect of the same well work, the Tahsildar Hospet did not entrust the work to the petitioner though he submitted his tender in time, and

(iii) that the Tahsildar, Hospet demanded money from the petitioner for entrusting the well work to him.

On a similar petition received direct by him, the Assistant Collector Hospet conducted an open enquiry and has sent a detailed report together with the statements of persons recorded by him. I enclose a copy of his report dated 13-12-52 and also the record of enquiry made by him. His report and the statements of the persons enquired by him show that the allegations made by Balappa against Sri S. Bhima Rao, ex.acting Tahsildar Hospet are false.

I also made confidential enquiries in the matter at Mariammanahalli village on 30-12-52 and I am satisfied that the allegations made by Balappa against the Tahsildar, Hospet are false and baseless.

The allegations made by the petitioner in his petition No. II relate to the alleged faulty construction of well works by Allipuram Hanumanthappa. The Assistant Collector, Hospet and I enquired into the allegations and a separate report was already submitted to the Board in my L.Dis. 15145/52 B3 dated 31-12-52 (copy enclosed).

With reference to the three points raised in the Government D.O. cited above, I am of the opinion that (1) there is no truth in the allegations made in the petitions, (2) that there was no occasion previously to suspect the integrity of the Officer concerned and (3) an enquiry into the allegations by the L. Branch, C.I.D. is unnecessary. I send herewith in a sealed cover the personal file of Sri S. Bhima Rao, ex.acting Tahsildar Hospet for favour of perusal by the Government and return.

pp. 1-5 and *pp. 6-7 and*
The petitions received with the Government D.O. cited above
are enclosed.

Yours sincerely,

3/6 *[Signature]*

Copy of D.O.No. 9083/52 D dated 13-12-52 from the Assistant Collector, Hospet.

Public Servants - Rhima Rao (Sri.S, Tahsildar, Hospet - allegations against petition of Balappa, contractor.

Petition from Balappa, Contractor Mariammanahalli dated 10-9-52. PP 1-2 ante

I conducted inquiry into the allegations made by Edigara Balappa against Sri.S.Rhima Rao, Tahsildar, Hospet on 11-12-52. I enclose the record.

Edigara Balappa appeared with 2 witnesses and three made statements. The Tahsildar, Hospet also made his statement. As by the record and the demeanor of the witnesses to Balappa's support, I consider that the allegation is not true. At least one of them (Porter Dhimappa) and the alleged Balappa have other grounds of grievance against the Tahsildar nor were the allegations made in the appeal petition to the Collector requesting stay orders in the matter of Mariammanahalli K.M.S. well. There is Balappa's admission on this point.

I accept the Tahsildar's explanation as to how there was delay in considering the two tenders made by Hanumanthappa and Balappa. Balappa himself admits that the Tahsildar when he happened to be at Mariammanahalli tried to entrust the work to him. Balappa was not there on that day (11-8-52). When the Tahsildar entrusted the work to Hanumanthappa he was only exercising his discretion.

I am satisfied with the Tahsildar's explanation that he was absent from the house because of the First Board Member leaving Hospet that morning (27-7-52).

The admission of Balappa under cross-examination that the Tahsildar has never before demanded anything shows up the improbability of the Tahsildar demanding a thousand rupees out of an estimate of Rs. 4250/- and Balappa's quotation of 25% less. This is quite apart from the fact that the Tahsildar totally denies that he met Balappa that day (27-7-52).

The allegations of Balappa against the Tahsildar fail in default of satisfactory proof.

Sd.N.V.Sundara Raman,
Asst. Collector, Hospet.

/true copy/

Copy of this office L.Dis.15145/52 E3 dated 31-12-52 addressed to the Secretary to the Board of Revenue, Chempauk, Madras.

R.V.S. Comprehensive scheme (Bellary) Hospet taluk - Mariammanahalli village well contract - allegation - report submitted.

Board's Ref.V. 11727/52-2 dated 21-11-52 and 22-12-52.

The Assistant Collector, Hospet who was asked to enquire into the matter reports that the enquiry among the villagers of Mariammanahalli revealed that the allegations of Sri Edigara Balappa are not genuine. He has himself measured the diameter of the well on top and mid section and it is reported to be 10 feet. He states that he could not take measurements at the bottom as there is water to a depth of 32 feet. But he is of the opinion that the diameter at the bottom is also 10 feet and the villagers are also said to have admitted the fact. Sri Edigara Balappa who made false allegations has given a statement before the Assistant Collector, to the effect that the diameter of the well is 10' throughout. His statement is enclosed.

The Tahsildar, Bellary who enquired into the allegations in respect of the well work at Veerannahalli village reports that the well did not collapse at all. He reports that as the well is situated within a short distance of Kajari river, it was silted up by sand drift and as such, petty repairs had to be effected. The repairs were effected after three years of its construction. Hence he states that the allegations are baseless.

111
p. 12 infra
The Tahsildar, Bellary, reports that, inspected most of the wells executed by Sri. Hanumanthappa from 1947-48 to 1951-52 and they are all in good condition.

I have also inspected a few works executed by Sri Hanumanthappa and find the works to be satisfactory. In view of the above circumstances facts the allegations which were made on account of professional jealousy do not deserve any consideration.

Copies of Asst. Collector's report in L.Dis. 11841/52 dated 17-12-52 and Bellary Tahsildar's report in L.Dis. 2307/52 B4 dated 17-12-52 are enclosed.

/true copy/

Copy of L.Dis. 11841/52 dated 17-12-52 from the Assistant Collector, Hospet.

R.M.S. Comprehensive scheme - Bellary - Hospet taluk - Mariammanahalli village well contract - allegations of Balappa - Enquiry - report submitted.

mc. Board's ref. 11727/52-2 dated 18-11-52.

I went to Mariammanahalli on 17-12-52 and conducted inquiry into the allegations made by Edigara Balappa in respect of the execution of work in 50-51. The contract was given to Sri. Hanumanthappa.

Balappa's allegation runs that the diameter of the well was variable at top, mid section and the bottom of the well. He stated that the proposed diameter of 10' throughout. But that excavation in the lowest levels was about 5' diameter and was gradually and progressively widened to 10' when the excavation reached the ground level. As by the statements recorded by me the villagers only state that there were some projecting rocks at places and that they gave a petition to have these dressed properly. These projections were somewhere in the midsection of the well. None of the villagers admitted that it could have been as such as 5' projection so as to render the diameter 5'. Some of them say it could have been about a foot or 1 1/2' at the most. Balappa claims to have measured the diameter at the mid section and found it to be 5'. But none of those inquired at Mariammanahalli would corroborate him.

Mr. D. Krishna at the time of inspection of the well in May, 1952 has not left any remarks. But from the villagers I ascertained that he gave oral instructions to have the projections removed and it was done. I do not think that the allegations have been substantiated by the inquiry.

I have also taken measurements which are as follows;

Top diameter, 10'
Midsection 10'
Bottom level could not be measured because of water in the well.
But there is the general admission on this that the bottom diameter is 10'.
Total depth 59'.
Water stands to a depth of 32'.

re I enclose the statements of some of the villagers who were inquired by me. Some of them were suggested by Balappa himself. He has submitted that now the diameter conforms to the original estimate.

The Board's reference in original is returned.

M.V. Sundara Raman,
Assistant Collector, Hospet.

Copy of letter L.Dis. 2307/52 dated 17-12-52 from the Tahsildar, Bellary.

R.V.S. Bellary taluk - execution of well works by Sri A. Panumanthappa of Allipuram allegations by Sri Ediga Balappa of Mariammanahalli - report submitted.

Your Rc.No. 15145/52 B3 dated 8-12-52. - *me*

A

ne A well pit was dug up by the villagers of Meenahalli in S.No.55. For improving this well pit an estimate for Rs. 760/- was sanctioned by the Collr. in his D.Dis.7156/46 B4 dated 19-9-46 and the work was given on contract to Sri G.Hanumanthappa of Allipuram in the year 1946 (ie, on 9-10-1946). The work was completed and paid for in March, 1947.

ne I visited Meenahalli village on 27-1-50 and inspected the R.V.S.well in S.No. 55. The bottom was covered with sand being very near the bed of the Hagari river. There was also potable water in the well to a depth of about 5 feet. The parapet wall of the well had given way and the pulleys required urgent repairs. The lining also had given way in 2 or 3 places. This was probably due to the fact that the walls of the well were constructed on the sandy soil. The villagers were also using the water of the well actively for drinking purposes. I proposed the above minor improvements for the well. An estimate for Rs. 500/- for effecting the above improvements to the well was submitted by my successor on 13-10-1950 in this office C.No. 3129/47 B4 dated 10-10-50. But it was sanctioned for Rs.360/- by the Collector in his D.Dis.C.18142/50 dated 31-10-52.

The well did not at all collapse nor the above repairs are due to bad construction of the contractor as repairs were undertaken after a lapse of 3 years. As it is situated very close to the Hagari river, it was silted up by sand drifts from the Hagari river. Letting water flow therefrom to be used for this well. In the circumstances noted above, the allegations made by Sri Ediga Balappa of Mariammanahalli against contractor Sri G.Hanumanthappa of Allipuram are not true and are baseless.

13.6.52 A list of well works executed by the contractor Sri G.Hanumanthappa of Allipuram in the previous years is furnished below. I have inspected most of the well works. They are in good condition.

1947-48.

- (1) improvements to the existing draw well in N.Veerapuram village.
- (2) conversion of step well into a draw well in Kudithini village.

1948-49.

- (1) Improvements to the existing draw well in Allipuram hallet of Kolagal village.
- (2) Improvements to the existing draw well at Vincheri village.
- (3) Improvements to 2 draw wells in Sindigeri village.

1949-50, 1950-51

Improvements to the existing draw well in Seedaragadda village.

~~1950~~ 1951-52.

Construction of a new draw well in Godehal village.

Sworn statement of Sri J. Bhinasena
Ran. Tahsilwar Hospet

It is true that Balappa gave a
definite order 25% less than Hanumanthappa
and 15% less than I told Balappa. I did not
open the tender in correct. But
I told that entrusting the work
to someone was engaging my
attention. To my knowledge
there was water in the well.
I didn't like to give it when
there was no chance of execution
so there was some delay. On some
other occasion when I went to
Panaya Kana Keri I found there
was no water and the well could
be taken up for execution. I did
not prefer Balappa because just
then I had come to know that
he had delayed the only work
entrusted to him in Kadappa
Taluk. I found that (in my
opinion) Hanumanthappa was
better in executing contracts.

I am to state that in the
circumstances ~~as~~ reported by you
the Govt. agree that no investigation
by the I Branch, C. I. D. is necessary
I am however to add ~~that from~~

10.19.20 cf. ~~forward of the explanation offered~~

22

~~so low there was~~
~~by the Talukdar as for the delay in~~
~~considering tender, it is observed~~
~~that there seems to be little~~
~~doubt.~~ Now the Talukdar should
 have given the work to the lowest
 tenderer enforcing at the same time
 proper construction and now
 there was no need for the Talukdar
 to go all the way to the village
 of the petitioner to give the
 contract and finding that he
 was not here to give it
 to another contractor

Issued as D.O. No.72566 G/52-1 Revenue dated 9.10.52.
From the Collector of Bellary D.O. Rc.14001/52-A4(C)
dated 6.1.1953.

...

To A.S.

The file relates to certain allegations of corruption against Sri S. Bhima Rao, Ex-Acting Tahsildar, Hospet, Bellary district. Sri Edigara Balappa, a contractor of Mariammanahalli village, Hospet, taluk, Bellary district in a petition to Govt. alleged that the Tahr. Hospet, Sri S. Bheemasena Rao demanded a bribe from him for giving a well work on contract. With reference to the minutes of M.(Agri) at 'A' on p.1 c.f. the petitions from Sri Balappa were sent to the Collr. of Bellary for confidential enquiry and report.

2. In his report at pp.8-9 c.f. the Collector has stated that the Assistant Collector, Hospet, who had received a copy of the petition on pp.1-2 c.f. has enquired into the allegations against the Tahsildar. The Assistant Collector is of the view that the allegations made by Balappa against Sri S. Bhima Rao, ex-acting Tahsildar, Hospet are false. The Collr. who also made confidential enquiries in the matter considers that the allegations contained in the petitions are false and baseless.

3. In the circumstances stated in his report at pp.8-9 c.f. the Collector considers that there is no truth in the allegations made in the petitions, that there was no occasion previously to suspect the integrity of the officer concerned and that no enquiry into the allegations by the X-Branch, C.I.D. is necessary.

4. In the circumstances reported by the Collector, it is for orders whether his views may be agreed to and the papers recorded.

The personal file of the Tahsildar is put up at (K).

The file may be circulated to M. (Agri.) through M. (L.R.)

with reference to his minutes at 'A' on p.1 c.f.

Q
24.1.53

L
27/1/53

'M'

The Tahsildar should have given his work to his lowest bidder, enforcing at the same time proper construction. There was no need for the Tahsildar to go all the way to his village or his petition to give the contract and finding that he was not there to give it to another contractor. This may be pointed out to the collector
